Restaurant Highlights

Iron Skillet is an out-of-the-way restaurant decorated with folk art including traditional Hungarian dolls and framed children's outfits.

Food Overview

It has a decent sized lunch menu with modestly priced entrees that, with two included sides, will keep you stuffed for the rest of the day. The dinner menu is quite a bit larger, consisting of six pages packed with more than 70 European and American entrees in addition to daily specials that might include quail, clams, calamari, cornish hen, mussels or frog's legs.
